

Team No REST for the Wicked
11/28/2016

Meeting Agenda

- Progress Report
 - We will go over the progress report and describe where we are at in our project
- Demo
 - Get feedback after demo
- Ask about feedback so we can do revised design
- Ask how necessary react-router is
- Ask what he thinks is a good way for users to find spots
 - Changing map view will get different spots?
- Ask what unit tests should be testing (routes? Services? Mongoose methods?)
 - Do we need frontend tests?
