Team No REST for the Wicked
11/28/2016

Meeting Agenda
- Progress Report
  - We will go over the progress report and describe where we are at in our project
- Clarify what should be done by feature freeze
  - Error handling?
  - UX?
  - Slight variations in features? (How list-view changes based on map view? How locations queries are performed?)
- Should we have an account set up for TAs to use?
- Is demo this Wednesday local or deployed?
- Show the user scenarios, ask if the format could be improved/ what is the typical format these are in
- Ask if design should continue to be changed
- Ask about using @mit.edu addresses that dont exist
